A scientist who studied grief among elephants, Alice wrote mostly of her research among the animals she loved, yet Jenna hopes the entries will provide a clue to her mother’s whereabouts. Desperate to find the truth, Jenna enlists two unlikely allies in her quest: Serenity Jones, a psychic who rose to fame finding missing persons, only to later doubt her gifts, and Virgil Stanhope, the jaded private detective who’d originally investigated Alice’s case along with the strange, possibly linked death of one of her colleagues. When your son can’t look you in the eye...does that mean he’s guilty? Jacob Hunt is a teen with Asperger’s syndrome. He’s hopeless at reading social

cues or expressing himself well to others, though he is brilliant in many ways. He has a special focus on one subject—forensic analysis. A police scanner in his room clues him in to crime scenes, and he’s always showing up and telling the cops what to do. And he’s usually right. But when Jacob’s small hometown is rocked by a terrible murder, law enforcement comes to him. Jacob’s behaviors are hallmark Asperger’s, but they look a lot like guilt to the local police. Suddenly the Hunt family, who only want to fit in, are thrust directly in the spotlight. For Jacob’s mother, it’s a brutal reminder of the intolerance and misunderstanding that always threaten her family. For his brother, it’s another indication why nothing is normal because of Jacob. And for the frightened small town, the soul-searing question looms: Did Jacob commit murder? *House Rules* is “a provocative story in which [Picoult] explores the pain of trying to comprehend the people we love—and reminds us that the truth often travels in disguise” (People).

A Spark of Light Sep 19 2021 #1 NEW YORK TIMES BESTSELLER • The author of *Small Great Things* returns with a powerful and provocative

new novel about ordinary lives that intersect during a heart-stopping crisis. “Picoult at her fearless best . . . Timely, balanced and certain to inspire debate.”—The Washington Post The warm fall day starts like any other at the Center—a women’s reproductive health services clinic—its staff offering care to anyone who passes through its doors. Then, in late morning, a desperate and distraught gunman bursts in and opens fire, taking all inside hostage. After rushing to the scene, Hugh McElroy, a police hostage negotiator, sets up a perimeter and begins making a plan to communicate with the gunman. As his phone vibrates with incoming text messages he glances at it and, to his horror, finds out that his fifteen-year-old daughter, Wren, is inside the clinic. But Wren is not alone. She will share the next and tensest few hours of her young life with a cast of unforgettable characters: A nurse who calms her own panic in order to save the life of a wounded woman. A doctor who does his work not in spite of his faith but because of it, and who will find that faith tested as never before. A pro-life protester, disguised as a patient, who now stands in the crosshairs of the same rage she herself has felt. A young woman who has come to terminate her pregnancy. And the disturbed individual himself, vowing to be heard. Told in a daring and enthralling narrative structure that counts backward through the hours of the standoff, this is a story that traces its way back to what brought each of these very different individuals to the same place on this fateful day. One of the most fearless writers of our time, Jodi Picoult tackles a complicated issue in this gripping and nuanced novel. How do we balance the rights of pregnant women with the rights of the unborn they carry? What does it mean to be a good parent? A Spark of Light will inspire debate, conversation . . . and, hopefully, understanding. Praise for A Spark of Light “This is Jodi Picoult at her best: tackling an emotional hot-button issue and putting a human face on it.”—People “Told backward and hour by hour, Jodi Picoult’s compelling narrative deftly explores controversial social issues.”—Us Weekly

My Sister's Keeper Jan 12 2021 New York Times bestselling author Jodi Picoult tells the emotionally riveting story of a family torn apart by

conflicting needs and a passionate love that triumphs over human weakness. New York Times bestselling author Jodi Picoult is widely acclaimed for her keen insights into the hearts and minds of real people. Now she tells the emotionally riveting story of a family torn apart by conflicting needs and a passionate love that triumphs over human weakness. Anna is not sick, but she might as well be. By age thirteen, she has undergone countless surgeries, transfusions, and shots so that her older sister, Kate, can somehow fight the leukemia that has plagued her since childhood. The product of preimplantation genetic diagnosis, Anna was conceived as a bone marrow match for Kate -- a life and a role that she has never challenged...until now. Like most teenagers, Anna is beginning to question who she truly is. But unlike most teenagers, she has always been defined in terms of her sister -- and so Anna makes a decision that for most would be unthinkable, a decision that will tear her family apart and have perhaps fatal consequences for the sister she loves. *My Sister's Keeper* examines what it means to be a good parent, a good sister, a good person. Is it morally correct to do whatever it takes to save a child's life, even if that means infringing upon the rights of another? Is it worth trying to discover who you really are, if that quest makes you like yourself less? Should you follow your own heart, or let others lead you? Once again, in *My Sister's Keeper*, Jodi Picoult tackles a controversial real-life subject with grace, wisdom, and sensitivity.

Leaving Time Dec 11 2020 #1 NEW YORK TIMES BESTSELLER • A deeply moving, gripping, and intelligent page-turner about a daughter's search for her mother, *Leaving Time* is Jodi Picoult at the height of her powers. Throughout her blockbuster career, Jodi Picoult has seamlessly blended nuanced characters, riveting plots, and rich prose, brilliantly creating stories that "not only provoke the mind but touch the flawed souls in all of us" (*The Boston Globe*). Now, in *Leaving Time*, she has delivered a book unlike anything she's written before. For more than a decade, Jenna Metcalf has never stopped thinking about her mother, Alice, who mysteriously disappeared in the wake of a tragic accident. Refusing to believe she was abandoned, Jenna searches for her mother regularly online and pores over the pages of Alice's old journals. A scientist who studied grief among elephants, Alice wrote mostly of her research among the animals she loved, yet Jenna hopes the entries will provide a clue to her mother's whereabouts. Desperate to find the truth, Jenna enlists two unlikely allies in her quest: Serenity Jones, a psychic who rose to fame finding missing persons, only to later doubt her gifts, and Virgil Stanhope, the jaded private detective who'd originally investigated Alice's case along with the strange, possibly linked death of one of her colleagues. As the three work together to uncover what happened to Alice, they realize that in asking hard questions, they'll have to face even harder answers. As Jenna's memories dovetail with the events in her mother's journals, the story races to a mesmerizing finish.
